Stainless Steel Silicone Coated Equipment Lock 20180609 Freight Included

Model Number: 20180609

Stainless Steel Silicone Coated Equipment Lock 20180609 Freight Included

Manufacturer: Clean Storm

Stainless Steel Silicone Coated Equipment Lock 20180609

Secured reusable zip style tie provides ultra-convenient added protection for use on car racks, with accessories and other outdoor equipment.
A cutting edge concept in security with a multitude of applications.

Cannot be cut with a knife and would require heavy duty cutting snips.
Do Not Over Tighten! This will make it hard to release the lock and can bend the key.
Order includes one pair of lock and one key.
18" Long makes 2.7" Diameter Hole.
