Manufacturer: Groom Industries

Aromacide CD504GL Severe Odor Neutralizer and Counteractant

Lavender/Sage Scent

Aromacide Deodorizer has been specially formulated to counteract and neutralize organic malodors through a multi-phased attack on organic odor producing materials. It works effectively on a wide variety of common and specialized odor problems, including airborne malodors, skunk musk, urine odors, smoke odors, bacterial and fungal odors, stale odors, vomit, and many other organic and protein odors. The multi-phase attack first physically bonds to the odor, surrounds it with a odor barrier, and then leaves a fresh fragrance in its place. This product positively neutralizes odors and does not just "mask" them.

Dilution Ratios: 4-8 oz./gal. RTU pH: 7-7.5 Contains: 1 gallon
