Clean Storm 5MZ89, Black Electrical Tape 3/4 in x 60 Ft Industrial Grade Electrical Tape

Model Number: 5MZ89

Clean Storm 5MZ89, Black Electrical Tape 3/4 in x 60 Ft Industrial Grade Electrical Tape

Manufacturer: Clean Storm

Clean Storm 5MZ89, 3/4 in x 60 Ft Industrial Grade Black Electrical Tape

Description

The Clean Storm 5MZ89 Industrial Grade Black Electrical Tape is engineered for heavy-duty commercial, industrial, and DIY electrical applications. Designed to conform smoothly to sharp contours and irregular surfaces, this tape maintains a strong, persistent grip for reliable long-term performance. Formulated to withstand demanding operating environments, it safely handles electrical systems operating up to 600 volts and temperatures reaching up to 176°F (80°C).

Features

- Superior Conformability: Effortlessly stretches and wraps around sharp contours, tight angles, and irregular shapes without flagging.
- High Voltage Safety: Engineered and rated for safe use on electrical systems up to 600 volts.
- Thermal Resistance: Performs reliably in operating environments with temperatures up to 176°F (80°C).
- Heavy-Duty Adhesion: High-tack adhesive holds a firm, durable grip to prevent unravelling and seal out moisture.
- Industrial Grade Construction: Designed to meet demanding job site requirements for insulation, bundling, and wire splicing.

Specifications

Brand
Clean Storm

Model / Part Number
5MZ89

Product Type
Industrial Grade Electrical Tape

Steambrite Supply

Clean Storm 5MZ89, Black Electrical Tape 3/4 in x 60 Ft Industrial Grade Electrical Tape

Color
Black

Width
3/4 in (19 mm)

Length
60 ft (18.3 m)

Maximum Voltage Rating
600 V

Maximum Operating Temperature
176°F (80°C)

Grade
Heavy-Duty Industrial
