Manufacturer: Prochem

Prochem Ultrapac Extreme Powder Carpet Cleaner Prespray 40 lb. Pail 8.695-715.0

NEW Prochem Ultrapac® Extreme! Everything customers want in a pre-spray and MORE than they thought possible!

State-of-the-art nanotech “micro-robots” in Ultrapac Extreme bind and suspend soils for fast and efficient removal. The product’s complex buffering system keeps the pH stable to maximize cleaning potential in all conditions. Plus, its new Hydrocoating Technology means this new economical powdered product is fast-dissolving even in cold water and is stable up to 212° F / 100° C. It will not separate and the RTU can be stored indefinitely. (Not for sale in Canada.)

Breakthrough nano technology - tiny nano particles attack soils like micro robots, removing soils faster and more efficiently than anything available on the market today

Conquers EXTREME soil conditions that previously were impossible to clean -until now!

Ultra-FAST dissolving – Hydrocoating technology for fast, COMPLETE dissolving that leaves no solids or hardening at the bottom, and doesn’t separate in cold water or up to boiling temperatures!

Complex buffering system stabilizes pH to prevent damage to carpet fibers.

Always uniform and clear once dissolved and RTU solution can be stored indefinitely.

State-of-the-art detergent system cleans with less effort and withstands up to 24 grains of water hardness.

SPECIFICATIONS
UNIT SIZE: 6 lbs. / 2.7 kg jar
COVERAGE: 1 jar makes up to 48 gallons of RTU solution
DILUTION PUMP SPRAYER: 1 scoop per gal. of water (using provided scoop)
DILUTION INJECTION SPRAYER: 8 scoops per 5 qts. of water (using provided scoop)

SIZES â–ª OPTIONS
8.695-714.0: Four 6 lb. / 2.7 kg jars
8.695-715.0: One 40 lb. / 18.1 kg pail
8.695-716.0: One 320 lb. / 145.0 kg drum
