RIGID DUCTING KIT SPECS

Model  
CSF382

Diameter  
8" ( 20 cm)

Length  
Longer 13 ft (3 m) to 16 ft (instead of 10 ft)

Attachment method  
Cinch straps on both ends (no worm-drive clamps required)

Safety  
Flame Retardant

>

8" Rigid Ducting Kit (wire re-enforced)

Compatible with EB1400, HEPA 500 and many explosion proof fan

outlets

Use this rigid, reinforced ducting on the inlet of your EB1400 or HEPA 500 to prevent suction-induced collapse. It's also a great accessory for jobs where you need to route ducting around a bend or corner &ndash; where layflat ducting could kink and result in reduced airflow.

The kit includes yellow 8-inch ducting that are between 13 and 16 feet long. Cinch straps on both ends enable easy attachment and eliminate the need for clamps.

Exact color or shade is not guaranteed but usually safety orange.

Compatible with the DriStorm 70 pint dehumidifiers, Drieaz EB1400

and the

Drieaz HEPA 500.

Optional

San Antonio TX DriStorm WRT-WALL, Ceiling, Cabinet, Floor, And Cavity  
Warm Air Dryer Basic Starter Package Rental 20180905

Drieaz: DefendAir Hepa 500 Air Scrubber (free shipping) 4ayf5 F284

>

DriStorm 6 Inch Collar for Air Mover Intake Screen  
Connect your dehumidifier to your air mover.
