Nitrile 6 mil thick Long Cuff Box of 50 XL Gloves

Nitrile gloves provides better chemical resistance than latex gloves and won't trigger latex allergies. Use as a protective barrier against dirt, grime, oil as well as many chemicals and solvents. Ideal for food processing, janitorial, painting, maintenance and light shop work. These nitrile hand gloves universally fit right or left hands while maintaining a comfortable fit and feel.

- Provides a protective barrier against dirt, grime, oil, chemicals and solvents
- Textured palm for a better grip
- Superior chemical resistance
- Exceptional tensile strength
- Comfortable fit and feel
- Fits right or left hand
- Powder and latex free

Application

Use for food processing, janitorial, painting, maintenance and light shop work.
