Model Number: 415210-1

Kohler SeaDog 415210-1 Wing Nut Style Battery Terminals 2 Pack Connectors

Manufacturer: Kohler

Kohler SeaDog 415210-1 Wing Nut Style Battery Terminals 2 Pack Connectors

Helps assist in converting top post battery connection to loop solderless connectors

Includes a male and female connector

Wing nut top post battery terminals are made of brass with lead plating and are designed to allow for easy battery cable removal.

Specifically designed for applications where battery cables are disconnected frequently.

For all wire sizes

Brass construction provides low resistance connections, while tin plating offers the best corrosion protection available

Using brass battery terminals, heat shrink and lugs on existing or new wire allows you to specially configure any battery cable

Bolts and nuts shipped loose piece / 2 each

Factory min shipping charge is \$15.00

Medart dealer \$7.07

Delcity 901285 \$5.65 each X 2 = \$11.30 per pair
