8.925-299.0
- Legacy Shark
For use with hot or cold-water pressure washers, this hose is rated for continuous temperatures of up to 250° F.
Built to exceed the EN1829-2 standard and will provide superior abrasion resistance that will increase the life of the hose. Double-wire braid hoses come with durable 8 inch bend restrictors on both ends.
The unique "bite-the-wire" coupling actually reaches the wire braid for never-slip retention, far superior to the "compression" fittings used on conventional hoses.
Each high pressure hose from Legacy has a permanently embossed identification to make for easy tracing and owner protection.

1/2" MPT swivel x 1/2" MPT swivel ends
3000 PSI, 50 ft. long
