Kleenrite 71600 Halo 15 Inch Rotary Cleaner Wand

Manufacturer: KleenRite

Kleenrite 71600 Halo 15 Inch Rotary Cleaner Wand ROTARY JET EXTRACTION CLEANING TOOL

The Kleenrite Halo is a tool that every cleaner and restorer should own. It revolutionized the way that carpets are cleaned and with the new enhancements, cleaning and ownership is better than ever and remains the standard of performance in rotary extraction.

#### Description

The Kleenrite 71600 Halo sets the standard for Rotary Jet Extraction cleaning. Use rotary extraction cleaning with three primary goals: a higher level of cleaning performance in a carpet cleaning wand, faster drying; and reducing fatigue for the cleaning technician.

Now HydraMaster is raising the stakes in rotary extractors with the introduction of the Kleenrite 71600 Halo, a new tool that redefines that standard and “ups the ante.” Enhancements to the world’s best rotary extractor were made by carefully listening to the input of cleaning and restoration contractors worldwide:

- Easier to handle and more comfortable to operate.
- Extends your deep cleaning reach and optimizes productivity with an on-board crevice tool to vacuum to the edges and corners.
- Your customer can see extracted water and soil through the site tube in the on-board crevice tool.
- The handle has been ergonomically enhanced and re-designed for operator comfort.
- On-board detailed operation instructions make it easier to train new technicians.
- An additional switch sustains head rotation and allows for operation with left hand only.
- New no-slip handle locking mechanism.
- Streamlined manufacturing processes without compromising performance, reliability & durability.

How does the Kleenrite 71600 Halo Clean Faster and Better?

It cleans the carpet fiber from 5 different angles. With 3 spray jets matched with 5 vacuum slots that are independently suspended by a flexible spring arm, the

>

Kleenrite 71600 Helo makes over 690 cleaning passes per minute. This super agitation, combined with the unit's weight cleans a carpet deeper, extracting soil and cleaning solution. The rotating head cleans all sides of the carpet fiber, fluffing up and restoring the pile. The self-propelled Kleenrite 71600 Helo glides over the carpet; the rotary action of the cleaning head does all the work. The Kleenrite 71600 Helo sweeps back-and-forth with just a slight change of balance on the handle. The effort needed to use an Kleenrite 71600 Helo is a fraction of that used scrubbing back and forth with a wand. Best of all, the extraction recovery performance of the Kleenrite 71600 Helo dries the carpet faster than ever. The results are astounding, especially on extremely soiled, matted carpet.

Help

For Truckmount & Portable  
Carpet Cleaning Systems

- Aggressive Restorative Extraction Tool for Residential and Commercial Jobs
- Clean Carpet, Tile, and Grout with the Kleenrite 71600 Helo Total Floor Care System
- Works great on stains and heavily soiled, matted carpet.
- For truckmounts or portable carpet cleaning systems

## Top Selling Points

- Amazing cleaning ability
- Labor saving, ergonomic design
- Versatile with consistent cleaning
- Durable construction for long life

### Clean more carpet with less effort

Because the Kleenrite 71600 Helo is not operator dependent, it delivers more cleaning all day long, regardless of the operator. A slight change of balance on the Kleenrite 71600 Helo handle allows the operator to clean in a side-to-side motion, with little or no effort.

The five vacuum heads and three spray jets rotate at 130 RPM creating 690 complete cleaning passes per minute.

Consistent quality cleaning, all day long

Customers will be impressed with the high-tech approach to cleaning the Kleenrite 71600 Helo produces, setting your operation apart from those using only a wand. Clean with less effort, get better results&hellip; and make more money.

The RX20 is also marketed under part numbers: OE-RX20-EA, PW-HRX20, 700-041-008, Kleenrite 71600 Helo

The effortless side-to-side motion of RX-20 can be used successfully by anyone with ease.
