Windsor 1.012-022.0 15" Upright Vacuum Cleaner With Tools Sensor S15
Video

Description
With a proven reputation of reliability, performance, and ease of maintenance the Sensor XP is the industry-leading vacuum for reliability and convenience.
Featuring automatic brush-height adjustment, this machine efficiently removes soils that could ruin your carpets and hard floors, which saves you time and money.
Trust the Windsor Kärcher Group Sensor S to clean your floors efficiently and reliably for many years to come.
With 1200 watts of power, the Sensor’s vacuum motor pulls even more dirt and grime from your carpets.
This machine utilizes a single 1.6 hp motor to cut down on handle weight in order to reduce operator fatigue and increase productivity.
• Reliability leader
• Automatic brush-height adjustment ensures optimum cleaning performance
• Ultra-light handle weight allows for strain-free operation
• Cleaning paths of 12”, 15” and 18” are available to suit any need (this model is 15")
• Flat to floor feature allows the vacuum to easily clean under beds and furniture
• No-tool brush removal for easy maintenance
• Detail cleaning tools conveniently located on the back of the machine
• Comes standard with a high-efficiency filter that traps up 99.6% of particles at 0.3 microns
• Optional HEPA filtration is available
• Meets CRI standards for indoor air quality
• Indicator lights display when the vacuum bag is full, brush height needs to be adjusted, or if there is a brush jam
• Quiet operation at only 69 dBA
US Green Building Council LEED Approved (USGBC)
