Kohler PA-CH620-3094 19hp Command Pro Horizontal Engine E3 Komex GTIN N/A

Model Number: PA-CH620-3094

Kohler PA-CH620-3094 19hp Command Pro Horizontal Engine E3 Komex GTIN N/A

Manufacturer: Kohler

Print Owners Manual:
Service Manual
Warranty Information
Overview

PA-CH620-3094
CH620S Komex
Kohler Command 19 HP Twin OHV Horizontal
Crankshaft: (24 014 427) 1.14" x 4.3"
Crankshaft Bolt: 7/16-20 UNF
Standard 1/4"(6.36) key way
12 Volt Electric Start:
Throttle Bracket: Remote
Air Filter: (2408303-S) Standard High / Flat
Dipstick: 24 038 10
Wire Harness 24 176 163
EFI Jumper: 24 176 160-S

Kohler Command V-Twin OHV Horizontal Engine with Electric Start — 19 HP, PA-CH620-3094 Komex

Durable, Long Life Design.
Hydraulic valve lifters are oil pressurized, ensuring that push rods stay in constant contact with the rocker arms. Requiring no adjustment, the valve train is virtually maintenance-free. In addition, full-pressure lubrication delivers continuous lube to critical engine components, even at 25-degree angle of operation and optional oil cooler regulates the oil temperature extending oil-change intervals. Large capacity, in-line fuel filter provides extra protection against dirt particles that can clog fuel lines.

High Power Performance.
Overhead valve technology provides greater volumetric efficiency and a higher compression ratio. This produces more power, improved fuel economy and cooling and reduces oil consumption. In addition, there is virtually no carbon buildup, reducing overall maintenance costs. The variable speed, mechanical governor promises smooth performance, regardless of application or fluctuating demands for power.

Steambrite Supply

Kohler PA-CH620-3094 19hp Command Pro Horizontal Engine E3 Komex GTIN N/A

Reliable Starting.
Kohler Command PRO® electronic ignition system generates a stronger spark at low cranking speed and Automatic Compression Release (ACR) allows compression to escape during cranking to reduce pull force.

User-Friendly Maintenance.

High Power Performance.

Reliability and Long Life Design.

Quiet, Smooth Operation.

Easy Dependable Starts.

Engine Type:
4-cycle, gasoline, OHV, cast iron cylinder liners, aluminum block

Height is top of air cleaner to mounting feet.
1 Max Power (hp) and Max Torque (lbs ft) specifications for Kohler general purpose engines are rated pursuant to Society of Automotive Engineers (SAE) J1940 based on gross output testing performed according to SAE J1995 without the air cleaner and muffler. Actual engine power and torque are lower and affected by accessories (air cleaner, exhaust, charging, cooling, fuel pump, etc.), application, engine speed, ambient operating conditions (temperature, humidity and altitude) and other factors. This J1940 / J1995 rating provides consistent measurement to customers who may want to control the intake and exhaust features of the engine. For more information, contact Kohler Co. Engine Engineering Department. Kohler Co. reserves the right to change product specifications, designs and standard equipment without notice and without incurring obligation.

2 Inches of H20 @ 3600 RPM WOT
Features + Benefits

• Oil Sentry®
Includes muffler and manifold
• Engine controls
Key switch
• Throttle
Choke Controls
