This way you do not have to reapply as much wax on each restoration job!

Not a complete strip, more like a half strip.

Used dry!

Order extras as they grind away during use.

Super fast.

Cut both time and chemical use way down!

Saves Money, Saves Time.

Did you know these are made out of recycled red wood trees?

The red wood saw dust is mixed with a plastic polimer to make a half natural, half synthetic pad.

Will not scratch floors.
