Mytee ECO14-Pro All Surface Orbital Floor Machine 1.5HP and Air Mover Included Eco-14

Manufacturer: Mytee Products Inc

Mytee ECO14-Pro All Surface Orbital Floor Machine
Description:
Mytee’s new ECO14-Pro Orbital All-Surface Floor Machine is the first and only orbital machine to feature a 1.5 HP motor- which is why it’s able to clean 10% faster than any other orbital machine in the industry (more downward pressure). The ECO-14-Pro uses orbiting technology to thoroughly and smoothly clean a wide variety of surfaces. Use it to scrub, sand, and polish multiple flooring types such as wood, vinyl, epoxy, tile and grout, stone, concrete, and carpet.

The ECO-14-Pro combines two movements that thoroughly clean all surfaces. First, the head rotates around the center of the driver plate, producing a second random orbital movement that results in little to no torque for smooth operation. The ECO-14-Pro Orbital All-Surface Floor Machine uses a very-low moisture spray system to promote a clean and healthy environment by reducing mold and mildew. It is first in its class for water conservation efforts. A weighted deck plate allows for deep scrubbing action. Reduce operator strain and fatigue with this self-propelling machine that features a 17-inch cleaning path.

240 volt customer will not get the free air mover.
