Mytee A904A 1000 watt replacement heater Complete one side only 230 Volts

Manufacturer: Mytee Products Inc

Mytee A904A 1000 watt replacement heater Complete one side only 230 Volts

1000 watt replacement heater for any brand of extractors. Especially gran prix HP60 and HP100 by mytee. this is only one side of heater. They are used typically as a pair in series For 230 Volt Machines.

This type of heater is installed in the motor box. The water flows through the heater after it leaves the water pressure pump.

Draws 4.3 amp @ 230 volts Less than 10" long.
13 degree temperature rise with most carpet cleaning wands and 25 degree rise with most upholstery tools.
Thermostats set to 210 degree so if you quit cleaning the 8 oz of water will go to 210 and turn the unit off. When you pick up the cleaning tool and start cleaning the heater will turn on again.

1/4" Mip ends

Please note this does not include any safety pressure relief valve, power cord, switch, hoses, circuit breaker that will be needed if you are adding heat to an existing machine.

Mytee: "All electrical component sales are FINAL. NO returns, exchanges or credit on electrical components will be authorized."
