Certifications & Ratings
OSHA 29 CFR 1910.1200, TSCA, GHS, HMIS, NFPA

iCapsol Encapsulating Interim Cleaning Chemical with Carpet Protection: This Chemical offers all the features and benefits of the original encapsulation chemical, plus it includes a special fluoropolymer that provides increased stain resistance for commercial nylons and nylon blends.
Windsor’s iCapsol Encapsulation technology is available on a wide variety of machines, including the DUO family of carpet extractors (Voyager DUO, Commodore DUO, and Clipper DUO), the Chariot iCapsol, and the iCapsol mini.

Blasts nastiest crud and crap, including the funk buried deep down, from high travelled carpets and rugs . . . unlike whimpy carpet cleaners that just leave all the nasty stuff behind.

Advanced polymer technology attacks soil, spots and stains. Quickly dries to brittle flaky crystals that are easily vacuumed away . . . no closing off large areas to wait to dry! Economical 1:16 dilution rate; cleans larger areas.

Far, far less work than using wet carpet cleaning machines . . . which takes
