Karcher 1.103-516.0 Mississippi Flood Power Washer Vacuum Recovery System Pump Out 30Gpm Automatic Dump 120v WR-30E

Manufacturer: Karcher Pressure Washing

Karcher 1.103-516.0 Mississippi Power Washer Vacuum Recovery System Pump Out 30 Gpm Automatic Dump 120v

MISSISSIPPI WATER RECOVERY SYSTEM

Stop wash water from flowing down a drain or away from your area by collecting the wastewater from pressure washing.

As EPA laws become more prevalent and strive to conserve water quality, contract cleaners and construction sites will need to recover their wash water and runoff.

Eliminate the problem of run off water with the Mississippi Recovery series that is capable of recovering and transferring up to 30 GPM of water and transferring to a holding tank.

Its small footprint allows the Mississippi to be mounted on a trailer.

Paired directly with a vacuum recovery air and water surface cleaner and a pressure washer for a simple and mobile closed loop system.

9 amp vacuum system works well sucking water up from the curb or dammed water run off with berm.

Be fully in control of water flow with the optional water dikes and drain covers to stop water from flowing down a drain or away from your site.

This webpage sold machine only.
