GREAT FOR OUTDOORS: Our extra heavy duty outdoor extension cord is made of water-resistant and flame-resistant material.

EASY VISIBILITY: The power extension cable has a high visibility red color so you can easily find and distinguish the cable from other objects.

SAFETY: Our outdoor extension cord 25 ft is ETL Listed and includes a grounded plug for maximum safety.

LENGTH: This 25 ft extension cord extends to the location of your choice.

RATING: 15A, 125V, 1875W

Outdoor Extension Cord has a water, flame, and abrasion resistant material that coats the wires, providing an excellent connection in any adverse weather condition. This extension cord is made for use with appliances, power tools, landscaping equipment, lights, and many other outdoor devices. They are UL listed and include a grounded plug to ensure safety when used.
