PG 450 is a versatile and user-friendly planetary floor and concrete grinder.
Perfect for a wide range of applications, e.g. coating removal, concrete grinding and concrete polishing.
It is also suitable to use to make Husqvarna HiPERFLOOR®.
With its 18 in. grinding width it is excellent for both small hard to get to areas, as well as larger surfaces.
It is ideal for rental and both professional and semi-professional applications due to its many self-adjusting benefits.
1-phase means it is suitable for industrial and domestic applications.
It can easily be folded and divided without tools for transport and storage.
