Manufacturer: Clean Storm

Clean Storm 42929646, 8" x 8" x 4" Solid Plastic Job Junction Box, Outdoor & Wall Mountable

Description

The Clean Storm 42929646 Solid Plastic Job Junction Box provides a secure, weatherproof enclosure designed to protect electrical connections and components in demanding environments. Measuring 8 inches by 8 inches by 4 inches, this durable enclosure features a solid, high-impact plastic body engineered to resist harsh weather elements, moisture, and impact.

Built for maximum versatility, this job box includes integrated wall-mounting features for fast, secure installation on vertical surfaces. Whether you are managing outdoor wiring, industrial electrical setups, or commercial job sites, the Clean Storm solid junction box delivers reliable long-term protection and clean cable management.

Key Features

- Durable Solid Construction: Built from heavy-duty plastic to safeguard internal components against physical damage and environmental exposure.
- Outdoor Rated: Designed and rated for outdoor application, resisting moisture, dust, and weatherproof hazards.
- Wall Mountable Design: Pre-configured mounting layout ensures quick, convenient installation on walls and structures.
- Spacious Enclosure: 8in x 8in x 4in dimensions provide ample space for splices, terminals, and junction connections.
