Husqvarna 967664601, C 5500 Pre-separator 3IN 26Gal C5500 Dust Slurry Management, GTIN 805544261708

Manufacturer: Husqvarna Equipment

Husqvarna C 5500 Pre-separator 967664601 3 Inch 26 Gal C5500 Dust Slurry Management For T7500, T8600, T10000, T18000, T8600 Propane 805544261708

C 5500 is an effective industrial pre-separator for really big jobs where a lot of dust is produced. Recommended as a supplement to your Husqvarna dust extractor T 7500, T 8600, T 10000, T 18000 and T 8600 Propane. C 5500 separates 90% of the vacuumed material before it reaches the dust extractor, which greatly increases the suction capacity, extends motor life and significantly reduces the frequency of filter maintenance, thus giving you longer operation without interruption. Using a pre-separator enhances the dust extractor's capacity to handle material that would normally be considered difficult to manage such as soot, burning particles, liquids and light material in large quantities. The Longopac® bag hose system ensures simple, dust-free bag changes. Can be used for both wet and dry applications.

Use weight 101 / 130 lbs.
