Features

Equipped with Poly V-belts for optimum power transmission

Husqvarna's floor saws are robust, well designed and easy to use thanks to features as protective cage, lift bail and cutting depth indicator

Patent-pending raise/lower assist system, using springs, Gas Honda 24 hp engines with electric start

Self-contained differential drive system eliminating drive gear from rear wheels and related wear. It is simple to handle and maintain

Left and right cutting capability, Integrated tool box

Water tank about 30 l optional and placed above the motor, Integrated fuel tank (8.3 l) for extended use

Very complete console with engine start/stop switch and throttle, transmission control lever, tachometer/timer, Quick belt tensioning system

Self-contained differential drive system eliminating drive gear from rear wheels and related wear. It is simple to handle and maintain

Patent-pending IntelliSeal blade shaft for a minimum 250 maintenance-free hours, eliminating daily greasing of bearings

Patent-pending adjustable handles for increased operator comfort. Adjustment allows operator to be positioned closer to cutting side for easier alignment and straighter cuts. Handle can also be folded for transport
