KEY FEATURES

Our Professional Cordless Electrostatic Sprayer allows the user hours of spraying time (4-hours per battery charge) without the hassle of dragging a cord. In addition, it is designed to save time and labor, spray less liquid and cover more surfaces. Sprayers' patented technology provides an electrical charge to solutions, allowing them to wrap conductive surfaces with an effective and even coverage. Double-charged particles envelope all conductive surfaces shadowed, vertical and underneath.

Patented electrostatic charge penetrates chemical providing a thin even spray pattern on all surfaces

Weighs only 5.9 lbs. with a full tank

Cordless convenience allows for effortless movement room to room

3-in-1 nozzle lets you set the spray particle size to match your application

Easy Fill HDPE 33.8oz refillable tank allows you coat up to 2800 sq. ft. on 40 micron setting

16.8V Lithium-Ion battery allows you to run between 20-80 tanks on a single charge

Our return policy is no refunds, exchanges, or company credits on special orders.
All tracking, warranty, and shipping claims, must be done by email.

Pandemic Time Line / Are you ready for the next event? - Steam-Brite Forums
Pandemics time line are getting closer together. Many of the tools, chemicals, and equipment to deal with pandemics are getting harder to get ahold of and pushing the delivery time line beyond 30 days after they are paid for. Some customers, schools, and business have expressed that they are not willing to wait and want to
