Model Number: 32451

Clean Storm 32451, 1/4" Barb x 1/4" BSPT Male Adapter, 1075T72

Manufacturer: Clean Storm

Clean Storm 32451, 1/4" Barb x 1/4" BSPT Male Adapter, 1075T72

Description

Upgrade and maintain your equipment with the Clean Storm 32451 Male Adapter Hose Barb. Designed for secure, leak-resistant connections, this adapter features a 1/4" hose barb on one end and a 1/4" Male British Standard Pipe Taper (BSPT) thread on the other. It offers smooth fluid transfer and dependable performance across demanding industrial, commercial, and pressure washing applications.

Features

- Precision Engineering: Designed to ensure a tight, reliable fit and prevent costly fluid or air leaks.
- Durable Construction: Built with high-grade materials to withstand industrial use, high pressures, and tough working environments.
- Versatile Application: Ideal for use in pressure washing setups, chemical delivery systems, and industrial fluid transfer lines.
- Easy Installation: Standard barb end allows for quick insertion into compatible flexible tubing or hose lines.
