Pumptec M70 Motor With rectifier And With Base Group [M70G] (Replaces
M35 and M35-8)

Please note the factory is now replacing all M35, and M70 motors with [M9135] or
even [M8235] motors, so orders can be filled with either motor. (when this happens,
note the [M8235] will come with a built-in rectifier if one was purchased)

Some motors ship in a white color, others can ship in a dirty chrome look (see below).
Thread count of bearing shaft is 5/16"-24
All motors are brand new.
