StainOut System 71-201 5 Gallon Electric Corded Sprayer 100PSI 120V
Description
When they say bring out the big guns, this is what they mean. Plenty of capacity to handle job after job, with the power to ensure it’s getting done right. This powerful sprayer is perfect for disinfectants, pre-sprays, deodorants, and more! The Emperor Sprayer includes a high quality spray gun with a 21″ spray lance and a separate spray jet fitting. The Emperor 5 Gallon Electric Sprayer is built with plenty of capacity to handle the tough jobs. This electric sprayer is strong and certainly has the power to ensure you get the job done right. Meanwhile, this powerful sprayer only weighs 36 lbs.

Important for International Customers

Ready to go for all our USA customers. The charger we use for the Penguin is 100 volt through 240 VAC and will work on a 220 VAC system, provided the electric cord is configured for that system. (in other words you might just have to change the male plug for our international customers.)
Unfortunately, we do not provide cords for the 220 VAC system, so the customer will have to obtain it from a third party vendor as most customer just plug into a standard 120 volt wall outlet.
