Tornado 97607 BR Vario II Compact Cylindrical Brush Machine 16in Freight Included

NOTE: BRUSHES NOT INCLUDED! Exact color or shade of item is not guaranteed!
Description
The Tornado BR Vario II is compact, eco-friendly and utilizes cutting-edge brush technology to tackle floor surfaces from tile and cement to paver bricks, and other challenging applications. With a solution tank, collapsible handle with built-in wheel transport, and contact pressure six times greater than that of a single disc machine, the BR Vario II provides unmatched speed and efficiency for large areas, while allowing close edge cleaning along walls and other obstacles. Multi-dimensional cleaning allows the unit to essentially perform in all directions- left, right, forwards, and backwards. This is possible because the Vario's handle turns 90 degrees to allow the operator to work in any direction.
Features

- Compact, low-moisture scrubber
- Professional performance
- Cylindrical brushes
- Multi-dimensional cleaning
- Aggressive cleaning perfect for grouted or uneven floors
- Unit folds down for easy transport and storage
- Built-in transport wheel storage on ergonomic handle
- Does not have a vacuum recovery tank
- 2.4 gallon liquid removable tank
