Clean Storm 20210703, Air Compressor Duct And Dryer Vent Cleaning Air Hose Y Adapter

Manufacturer: Clean Storm

Clean Storm Air Compressor Duct And Dryer Vent Cleaning Air Hose "Y" Adapter
20210703

Problem is most air duct and dryer vent cleaning equipment need about 12 CFM to allow the operator to clean with non stop production, thereby eliminating waiting for the air compressor tank to refill. All the 120 volt 15 amp air compressors on the market only offer 6 CFM so you really need to "Y" two air compressors together to make a system for professional cleaning. By using this adapter, you now can have two air compressors on different circuit breakers each providing 6 cfm or 12 cfm total.

Made with:

1 unit

1/4 in Brass Branch Tee - 8.706-854.0 - 28282

2 units

1/4in Mip X 1/4in Fip Street 90 Brass Elbow [BR282] 28-157 28-157S

Equipment: Carpet Cleaning Machines > Vacuum Cleaners > HEPA Concrete Dust Slurry Hazmat Vacuums >

861704 1 unit
QD 1/4 in Fip Air Hose X 1/4 in Female Brass Coupler 56773210

2 units
