Delta-Q 8.641-486.0 36V 20A SB50 ALG 3 Charger Wet RQ Series Gray Plug CH-38SCR50G Replaced by 8.646-138.0 Freight Included

Model Number: 8.641-486.0

Delta-Q 8.641-486.0 36V 20A SB50 ALG 3 Charger Wet RQ Series Gray Plug CH-38SCR50G Replaced by 8.646-138.0 Freight Included

Manufacturer: Lester Battery Chargers

Delta-Q 8.641-486.0 36V 20A SB50 ALG 3 Charger Wet RQ Series Gray Plug Replaced by 8.646-138.0

This industrial battery charger is designed for 36 volt battery systems and is built using SCR charging technology. E-Series II are industrial-grade SCR battery chargers well suited for use in both specialized applications, such as floor care, industrial vehicles, and aerial work platforms, as well as general-purpose deep-cycle charging applications. Now with a higher output amperage you can charge your battery system faster and with a next-generation control platform and industry-leading intelligence and features. Due to Lester's Electrical unrivaled reputation for quality, reliability, and innovative charge algorithms, the leading vehicle/ machine manufacturers have made there company a trusted supplier for over 50 years.
Factory Sealed box includes one (1) Industrial Battery Charger – 36 Volt – 20 Amp – with Gray SB50 Terminal connector.
Item is being re-designed and might look different than the photo used on this webpage.

The NEWLY Expanded RQ Battery Charger Series:
Optimized for volume production and with timeless reliability to sustain strong outdoor power equipment brand legacies.

Major outdoor power equipment OEMs can rely on the RQ Series 350 W and brand new 700 W battery chargers. Built for high-volume production, user-friendly design is easy to install and integrate with leading-edge systems, rugged enough to uphold the largest brand names.

Steambrite Supply

12 V, 24 V, 36 V, 48 V Charging Voltages & 12 V Auxiliary Output
The RQ350 and RQ700 are 350 W and 700 W chargers that are engineered to be compatible with common battery chemistries and nominal voltages between 12 V and 48 V. The RQ700 also features a 12 VDC, 400 milliamp (mA) auxiliary power supply to operate system components.

Steambrite Supply

Sealed & Rugged Design
The sealed, ruggedized, IP66 and 67-rated design protects against shock, vibration, and moisture ingress, making the RQ Series charger ideal for operation in harsh environments.

Exceptional Performance

Delta-Q 8.641-486.0 36V 20A SB50 ALG 3 Charger Wet RQ Series Gray Plug CH-38SCR50G Replaced by 8.646-138.0 Freight Included

The RQ Series charger's robust construction and advanced software (with over 200 battery manufacturer validated charging profiles) delivers the right charging profile for optimal system performance and battery life.

Enhanced CANbus Communication and UDS Support
CAN open and SAE J1939 protocols allow for communication with vehicle, telematics and BMS system. Unified Diagnostic Services (UDS) offers the ability to use standardized service and upgrade diagnostic tools.

Installation Cables
The RQ700 has a user-friendly design, complete with installation cables that are tested and validated by the company’s engineering team to ensure they meet industry and customer requirements for cables and connectors. This bundle eliminates the extra time, expense and effort for customers to procure their own cables, adding convenience for high-volume applications.
