Factory Brochure

Discover the next level of versatility and power.
Do everything and more with this versatile machine! The BDS 43/Oribtal C with ORB Technology can do it all, better, and with more
power. Our ORB Technology is what makes the difference. By providing true dual-motion orbital mechanics we eliminate the harsh
vibrations of the competition while giving you superior performance. Our pad lies flat on the floor resulting in better productivity,
more even pad wear and improved results. In addition, the machine is equipped with spray nozzles which distribute the required
amount of cleaning solution to the area being cleaned.

Minimum Effort, Maximum Comfort
- Ease of use
- No unpredictable swing movement
- Reduced risk of incorrect operation
