Shark's rugged, belt-drive BG series is built to work hard and last long

Our Shark cold-water belt-drive series provides a broad selection of rugged belt-drive units, all with reliable Honda GX engines, which deliver cleaning volume of up to 3.7 GPM. Each model is ETL certified to UL-1776 safety standards and comes with a rugged steel chassis, cast iron belt pulley system, tubed pneumatic tires, and industrial-grade Kärcher crankcase pump with 7-year warranty

PRODUCT OVERVIEW

Chrome handles

- Powder coated steel chassis
- Reliable Honda GX engine
- Water volume up to 3.7 GPM
- Industrial belt-drive crankcase pump

Shipping

All pressure washers are shipped FREE to anywhere in the lower 48 states. to commercial address. A \$80 fee applies to residential address.

However, the accessories often ship separately from different manufacturers in different locations.

We only charge shipping on the accessories – not the pressure washers.

We ship to Alaska, Hawaii and Canada. Standard shipping rates will be charged to these destinations.

Lift-Gate Service

Have Your Pressure Washer Unloaded Safely

>

Pressure Washers Direct gives you the option to order "Lift Gate Service" on all pressure washers that weigh more than 100 lbs.

The fee for this optional service is \$80.

Due to the weight of these pressure washers, they cannot be shipped via UPS Ground.

Instead, they are shipped via semi-trucks, which are designed to unload products at loading docks and freight terminals.

If you have a loading dock or forklift, you do NOT need liftgate service.

If you are a residential customer, you must have AT LEAST 2-4 able-bodied people present to unload the pressure washer.

While some truck drivers are kind enough to help, they are not required to help you lift the products.

If you do not have the equipment or manpower, you can order a special truck equipped with a hydraulic lift to safely lower the product from the truck to the ground.
