Manufacturer: Husqvarna Equipment

Husqvarna 585581602 Adjustable Tile Saw Rolling Stand For TS70 and TS90

TS 70 is the perfect choice for fast and effective cutting of materials up to 28 inches in length. A versatile saw perfect for both large and small tile and can make 22,5 degree and 45 degree miter cuts. The optional adjustable stand enables one person to move TS 70 around the jobsite. The water management system minimises the water use for a clean work area. The machine is equipped with a separate water tank which supplies all water needed and facilitates the slurry sedimentation.
Owners Manual .

Husqvarna TS 70 Rolling Tile saw stand
Husqvarna TS 70 Wet Tile Saw offers a durable 1-1/2 hp motor, with belt-driven blade shaft, and a miter cut feature. The wet saw sets up easily & the patented water management system helps conserve water. The TS series tile saws also feature a removable water tank with handle that is easy to fill & carry.

Item 45-9058
Model 585581602
UPC 805544949453

Features

- Depth of cut 2-3/4". (70 mm)
- Features a belt driven blade shaft for a smoother cut and more torque
- Quick and easy set-up and breakdown
- Keeps water and slurry in the cart, not on the tile face like traditional saws
- Cutting capacity: 28" rip cuts and diagonal 20" x 20" in a single pass
- Water tank can easily be removed from assembly for a quick refill
- Patented Jet Stream Water Containment System keeps water and slurry within the cart
- Splash guard eliminates water spray behind saw
- Adjustable water feed flow
