Mosmatic 80.788 FL-AH-KAU-30 Inch Surface Cleaner Air Water Recovery System (Integrated Gum Remover Sold separately)

Manufacturer: Mosmatic Pressure Washing Equip

FL-AH-KAU Surface Cleaner with Air Recovery System and (integrated Gum Remover-sold separately)

As MOSMATIC surface cleaners are already known in the surface cleaner market, we would like to present the "New Star" in our professional cleaning line. The "FL-AH-KAU". It is based on the FL-AH surface cleaner with an added gum remover.

You may have noticed a lot of streets in public places, like municipal parks, railroad stations and schools are covered with chewing gum. This is the perfect place to use our new cleaner with the gum remover. The special gum remover nozzle is mounted on the back of the cleaner. The right hand gun is for the surface cleaner and the left hand gun is for the gum remover or other tough spots. The flat angle of the nozzle lifts and breaks up the gum for easy removal.
