J.E. Adams 8152-1-073 Tokens - 1.073in Diameter for Car Wash and Vacuum

Manufacturer: J.E. Adams

J.E. Adams 8152-1-073 Tokens - 1.073in Diameter for Car Wash and Vacuum

Description

These 1.073in high-security tokens are used with sophisticated pulse coin acceptors that can detect density, diameter, and electronic signature to ensure that only these tokens can trigger your machines. Great for high-value use at your wash. Alloy 230 features 85% copper and 15% zinc.

Sold in 1000 quantity bags
