Brochure

Owners Manual for 205 and 207 series

Optional

Optional 3/8" Fip X 1/4" Mip Brass Bushing Adapter

**Does your original pump have or use 1/4" connections or 3/8" pipe

>

connections?

If so you might want to purchase some of these bushing to convert 1/4" pipe to 3/8" pipe connections.

Please note a 1/4" pipe with a ruler is 1/2" across OD and 3/8" pipe is 5/8" OD.

On some Kaivac, US Products, Hydramaster, Advance, and Nilfisk machines have installed 1/4" connections and no bushing required. The Pumptec 204v series head installed originally is also 1/4" Most machines today use the 3/8" connection system (see optional pump below.)

Optional Pumptec: Series 205V 204v, 207v 500 PSI Upgrade Kit

You will need this kit to convert a lower pressure system 50 - 220 psi to a standard 500 psi carpet cleaning machine.
