Shark Electric Powered Zero Emissions Portable Power Washer DE301007D

Print Manual:

Shark's DE series electric-powered units have zero emissions, making them ideal for indoor cleaning

Our electric-powered DE machines are durable direct-drive units that deliver cleaning volume up to 3.5 GPM. Powered by heavy-duty industrial-grade Baldor motors, these compact units feature tri-plunger oil bath pumps, powder coated steel chassis, hose hanger, detergent injection, insulated guns and wands, and tubed pneumatic tires. All models are ETL certified to UL and CSA safety standards.
Note the image on the right is being replaced by the thumbnail image on the top of webpage. In other words, the steel cart is being replaced by the aluminum cart.

3.0 gpm X 1000 psi = 3000 cleaning units (speed)

Shark 1.106-063.0 Electric Powered SHD 3.0/1000 Ea PSI Portable Power Washer DE301007D 9.801-803.0

All pressure washers are shipped FREE to anywhere in the lower 48 states. to commercial address. A $80 fee applies to residential address.

However, the accessories often ship separately from different manufacturers in different locations.

We only charge shipping on the accessories – not the pressure washers.

Free shipping in lower 48 states. Customer responsible for all shipping surcharges including but not limited to limited access fee (home delivery), lift-gate service when no forklift on site, call for an appointment, missed and re-delivery fees.

Changes to the delivery address requested after the product ships will incur a $50 reconsignment fee.

Lift-Gate Service
Have Your Pressure Washer Unloaded Safely

Steambrite Supply

Shark 1.106-063.0 Electric Powered SHD 3.0/1000 Ea PSI Portable Power Washer DE301007D 9.801-803.0

Pressure Washers Direct gives you the option to order "Lift Gate Service" on all pressure washers that weigh more than 100 lbs.

The fee for this optional service is $50.

Due to the weight of these pressure washers, they cannot be shipped via UPS Ground.

Instead, they are shipped via semi-trucks, which are designed to unload products at loading docks and freight terminals.

If you have a loading dock or forklift, you do NOT need liftgate service.

If you are a residential customer, you must have AT LEAST 2-4 able-bodied people present to unload the pressure washer.

While some truck drivers are kind enough to help, they are not required to help you lift the products.

If you do not have the equipment or manpower, you can order a special truck equipped with a hydraulic lift to safely lower the product from the truck to the ground.
