Clean Storm 20220526, Hot Water Hose Assembly, 3/8" ID x 10 ft, 3/8" MIP x 3/4" MGH, 200 PSI

Model Number: 20220526

Clean Storm 20220526, Hot Water Hose Assembly, 3/8" ID x 10 ft, 3/8" MIP x 3/4" MGH, 200 PSI

Manufacturer: Clean Storm

Clean Storm 20220526, Hot Water Hose Assembly, 3/8" ID x 10 ft, 3/8" MIP x 3/4" MGH, 200 PSI

Description

Upgrade your water transfer and cleaning setup with the versatile Clean Storm 20220526 Hot Water Hose Assembly. Engineered to withstand high-temperature water applications, this durable 10-foot hose features a 3/8-inch inner diameter and is rated for operational pressures up to 200 PSI. Fitted with a heavy-duty 3/8" Male Iron Pipe (MIP) connector on one end and a standard 3/4" Male Garden Hose (MGH) fitting on the other, it provides a reliable, leak-resistant connection between industrial equipment and standard hose setups. Ideal for hot water pressure washing, commercial cleaning, and heavy-duty fluid transfer tasks.

Please note: Hose color may vary depending on current manufacturer inventory and may ship in any color.

Features

- Hot Water Rated: Built specifically to handle high-temperature water transfer without degrading or swelling.
- Dual Adapter Ends: Pre-crimped with a 3/8" MIP connector on one end and a 3/4" Male Garden Hose (MGH) fitting on the other.
- High-Pressure Performance: Safely handles continuous operating pressures up to 200 PSI.
- Flexible 10-Foot Length: Provides optimal reach and maneuverability for tight work areas or short-run connections.
- Commercial Grade Durability: Engineered for tough commercial cleaning, pressure washing, and industrial applications.
