Manufacturer: Shark

Print Manual:

SSG Series - Our most rugged hot model designed for continuous, on-site cleaning

Shark Series oil-fired skids are the workhorses of the pressure washer industry. Delivering up to 5.6 GPM of hot water at up to 3500 PSI, these rugged gas- and diesel-powered machines are built on an open frame using heavy-gauge 11/4” powder coated steel and are ideal for mounting to a truck or on a trailer. The electric-start engine and powerful belt-drive Kärcher KT pump are isolated from the rest of the machine on a shock-mounted sub-frame to reduce vibration. Steam combination comes standard with all models.
Pair it with a Shark trailer for a mobile wash solution to on-site cleaning!

Shipping

All pressure washers are shipped FREE to anywhere in the lower 48 states to commercial address. A $75 fee applies to residential address.

However, the accessories often ship separately from different manufacturers in different locations.

We only charge shipping on the accessories – not the pressure washers.

We ship to Alaska, Hawaii and Canada. Standard shipping rates will be charged to these destinations.

Changes to the delivery address requested after the product ships will incur a $50 reconsignment fee.

Lift-Gate Service
Have Your Pressure Washer Unloaded Safely

Pressure Washers Direct gives you the option to order "Lift Gate Service" on all pressure washers that weigh more than 100 lbs.

The fee for this optional service is $50.

Due to the weight of these pressure washers, they cannot be shipped via UPS Ground.

Instead, they are shipped via semi-trucks, which are designed to unload products at loading docks and freight terminals.

If you have a loading dock or forklift, you do NOT need liftgate service.

If you are a residential customer, you must have AT LEAST 2-4 able-bodied people present to unload the pressure washer.

While some truck drivers are kind enough to help, they are not required to help you lift the products.

If you do not have the equipment or manpower, you can order a special truck equipped with a hydraulic lift to safely lower the product from the truck to the ground.
