PMF Hide-A-Hose 1.5 in ID Vacuum Hose With High Pressure 180 degree F Rated Solution Hose 15 feet HAH3-15

Model Number: HAH3-15

PMF Hide-A-Hose 1.5 in ID Vacuum Hose With High Pressure 180 degree F Rated Solution Hose 15 feet HAH3-15

Manufacturer: Production Metal Forming

Simply the most innovative invention since the Steam Extraction Carpet Cleaner.

The Hide-A-Hose's simple principle of placing the solution line through the vacuum line with specially modified hose cuffs makes it the most
time savings convenient hose system in the industry. No more taping the solution line to the vacuum hose which insures that you keep flexibility and the
sticky tape does not drag dirt from job to job.

The Hide-A-Hose is taking over the carpet cleaning industry. The benefits using the Hide-A-Hose are numerous. No more joining the solution hose to the vacuum hose with tape or cable ties... or those vinyl ties that tend to catch on things going by. The ease of rolling one hose out at the job.

The Hide-A-Hose can be made in one continuous length or made so that it can break down into shorter lengths. Only the highest quality lined vacuum hose is used and solution hoses from I00psi to 3,000psi and temperatures from 70 degrees to 250 degrees available.

Options and Definitions:
Low Temperature means Hot tap water 120 degree or less (non heated machine use)
Low Pressure means 100 - 200 psi machines.
HAH3: 1.5" ID vac + High pressure means 3000 psi hose 180 degrees F (sewer jetting style hose - Nylon braid- Fine for Electric Heated Portables)
HAH4: 1.5" ID vac + High Pressure High temp mean 3000 psi 210-250 degree F rated solution hose - Single wire braid
HAH5: 2" ID vac + High pressure means 3000 psi hose 180 degrees F (sewer jetting style hose - Nylon braid)
HAH6: 2" ID vac + High Pressure High temp mean 3000 psi 210-250 degree F rated solution hose - single wire braid
Inside diameter of vacuum hoses are 1.25", 1.5", 2" ID
Lengths available in 5 ft, 10 ft, 15 ft, 20 ft, 25 ft, 30 ft, 40 ft, 50 ft
Sewer jetting hose is usually black with a smooth jacket.
Vacuum hose is usually blue but can ship in any color. (factory choice, not customer choice)
210-250 rated single metal braid solution hose is usually in a blue rubber jacket.
Vacuum hose is cut 4 feet shorter than the solution hose - 2 ft per side, example 25 solution hose is 21 feet of vacuum hose.
