After a long and thorough process of research and development that entailed trips across the United States, focus groups and rigorous in-field testing.

Century 400 proudly re-introduces the Ninja series!

Faster drying times. The Ninja Warrior uses a parallel vacuum motor system which delivers a 25% greater solution recovery rate than series vacuum motor systems.

Maintenance is easier than ever providing an open access to all components delivering the ability to easily maintain, clean and care for your Ninja Warrior after jobs.

All controls and connections are located on the upper center panel for easy access and operation.

Integrated handle and rear casters assist with loading and unloading.

The onboard carrying system provides storage for your wand, double cord wrap stow, 5 gallon bucket, hose and quart of pre-spray.

Utilizing a rotomolded housing the Ninja Warrior is tough enough for all your travels and jobs.

Video above is normally used in machines that have a larger vacuum system, like dual 3 stage as the machine is hooked to the sink so it will not be able to follow you around the home or office, rather is used with longer hose runs. This is an option and is not included for the price on this webpage.
