Model Number: 20220309

Clean Storm 20220309, Discharge Garden Hose, 50 ft. x 3/4 in. ID, Heavy-Duty Water Hose

Manufacturer: Clean Storm

Clean Storm 20220309, Discharge Garden Hose, 50 ft. x 3/4 in. ID, Heavy-Duty Water Hose

Description

Built for maximum volume and demanding job sites, the Clean Storm Discharge Garden Hose is engineered to handle heavy-duty water transfer, washdowns, and property maintenance with ease. Featuring an extra-wide 3/4-inch inner diameter, this 50-foot hose delivers high-flow performance and superior water output compared to standard residential hoses. Its durable, abrasion-resistant construction withstands high pressure and rough terrain, while the reinforced core prevents twisting and kinking under pressure. Equipped with heavy-duty, crush-resistant couplings, it ensures a secure, leak-free connection to spigots, pumps, and equipment. Whether you are clearing standing water, managing site runoff, or tackling major cleanups, this contractor-grade hose delivers reliable, commercial-strength power.

Features

- High-Flow Capacity: Extra-wide 3/4-inch inner diameter (ID) minimizes flow restriction to maximize volume and water delivery speed.
- Heavy-Duty Durability: Commercial-grade outer jacket protects against punctures, scuffs, weather elements, and job-site wear.
- Leak-Proof Couplings: Fitted with rugged, crush-resistant metal couplings that secure tightly to spigots and accessories without leaking.
- Optimal 50-Foot Reach: Provides the ideal balance of extended maneuverability and effortless storage for yards, job sites, and industrial areas.

Specifications

- Product Type: Discharge / Garden Hose
- Brand: Clean Storm
- Model / SKU: 20220309
- Length: 50 ft.
- Inner Diameter (ID): 3/4 in.
- Material: Heavy-duty reinforced polymer / PVC blend
