PMF H46-1/8CK Carpet Cleaning Wand VeeJet Strainer 1/8in 100 mesh with check valve Filter Each

Model Number: H46-1/8CK

PMF H46-1/8CK Carpet Cleaning Wand VeeJet Strainer 1/8in 100 mesh with check valve Filter Each

Manufacturer: Production Metal Forming

1/8in VeeJet 100 mesh Strainer Filter with internal check valve built in

Install Spring first > then ball > then screw on filter on top of ball.
Sold each so you might need to order 5 units to fix some wands

These are for 1/8" Female pipe thread count for spray jets and nozzles that are threaded on the inside of the 1/4 male outside threads.
Designed to help keep the water in the carpet cleaning wand on the dry stroke so it does not dribble on the floor.
This means the nozzle will have 1/4" male threads on the outside and 1/8" threads on the inside.

Spray nozzle is not included.
