Blitz Prespray w/GreaseBreaker
Heavy Duty Powdered Carpet Pre-Spray

This formula incorporates our famous solvent cleaning booster, GreaseBreaker, into a blend of alkaline cleaning agents and builders that quickly dissolves and emulsifies the heaviest of soil. Blitz is a non-enzyme mixture so it does not require long dwell times to break down the grimiest soil. This economical powder pre-spray will melt the grimy soil away right before your eyes. Being a super concentrate powder, Blitz will save you money. It dissolves quickly and easily.
The versatility of Blitz with GreaseBreaker will allow you to effectively clean trashed and neglected carpets, as well as high soil environments like restaurants and dirty apartments. Since Blitz already contains GreaseBreaker, no other cleaning additive or booster is needed, even for the most heavily soiled carpets. The fast-acting high pH formula quickly dissolves the heaviest greasy soils. Unlike enzyme pre-sprays that require extended dwell time, Blitz goes to work immediately breaking down and dissolving heavy built up oil based soling.
Blitz with GreaseBreaker has a pleasant citrus fragrance that leaves a fresh clean smell to the room without being overpowering. It’s high powered alkaline RTU pH of 12.0-12.5 means it works well on neglected carpets. It is not designed to be used on well maintained, stain resist warranted carpets. At a use rate of only 2 ounces per gallon of hot water, Blitz is economical to use and super-concentrated. Blitz contains a perfect balance of surfactants, builders, and solvents for the compete cleaning job. It dissolves quickly and will not clog up sprayers.
Right to Know Info
Below is a list of components required to be disclosed under the California Cleaning Product Right-to-Know Act of 2017.
Ingredient Name | CAS# | Function | Designated List(s)
Sodium tripolyphosphate | 7758-29-4 | builder
Sodium carbonate | 497-19-8 | alkali
Sodium sulfate | 7757-82-6 | Processing aid
Sodium metasilicate, pentahydrate | 10213-79-3 | builder
Tetrasodium EDTA | 64-02-8 | chelator
Propylene glycol butyl ether | 5131-66-8 | Cleaning agent
C9-11 pareth 6 | 68439-46-3 | Cleaning agent
PPG-2 methyl ether | 68081-81-2 | surfactant
Sodium dodecylbenzenesulfonate | 68081-81-2 | surfactant
d-limonene | 5989-27-5 | fragrance | 23
