HydraBoost CT
Powder High Powered Concrete and Tile Cleaner and Degreaser/ Booster Additive

HydraBoost CT is a powder, high powered concrete and tile and grout cleaner and degreaser designed to safely and effectively dissolve, break down, dislodge, and emulsify even the grimiest soils from concrete, finished concrete, ceramic, porcelain, and quarry tile floors and surfaces. HydraBoost CT is an economical cleaner and degreaser designed to penetrate porous surfaces and dissolve the toughest build-up of oil and grease. Alkaline cleaning agents and heavy duty surfactants are activated by the power of oxygen to allow the effervescent solution to get into every crack, crevice, and pore. It is the ideal cleaning agent for heavily soiled restaurant kitchen tile floors and other indoor and outdoor surfaces exposed to high levels of grease and oil contamination. It does so without the use of harsh chlorinated solvents or mineral spirits, leaving the surface squeaky clean and residue free.
HydraBoost CT is specifically designed to work in conjunction with high powered hard surface cleaning wands such as the RX-20 with hard floor attachments, and rotary or stationary hard surface cleaning extraction wands. Its powerful formula though, will work with virtually any brush agitation system, automatic floor scrubber, or even a mop and bucket cleaning system. HydraBoost CT is designed to be used as a preconditioning agent and applied to the surface being cleaned first. The oxygenated cleaning power of HydraBoost CT also makes it an ideal boosting agent for trashed and neglected carpet that has been exposed to high levels of oxygenated oils and grease. Simply add a couple of ounces of HydraBoost CT to your favorite traffic lane cleaner/preconditioner for the ultimate in cleaning power.

Right to Know Info
Below is a list of components required to be disclosed under the California Cleaning Product Right-to-Know Act of 2017.
Ingredient Name | CAS# | Function | Designated List(s)
Sodium carbonate | 497-19-8 | alkali
Sodium percarbonate | 15630-89-4 | Cleaning agent
Sodium metasilicate, pentahydrate | 10213-79-3 | builder
Trisodium phosphate, dodecahydrate | 10101-89-0 | builder
Ethoxylated alcohols, C9-11 | 68439-46-3 | SURFACTANT
Propylene glycol butyl ether | 5131-66-8 | Cleaning agent
di-(C8-10) alkyl dimethyl ammonium chloride | 68424-95-3 | surfactant
Alkyl dimethyl benzyl ammonium chloride | 68424-85-1 | surfactant

HydraMaster 950-782-B, HydraBoost, High Powered Powder Enzyme, Carpet Pre-Spray, 4 x 6.5 pound Jar Case

d-limonene | 5989-27-5 | fragrance | 23
Tetrasodium EDTA | 64-02-8 | Chelating agent
ethanol | 64-17-5 | Processing aid
