All HYDRAMASTER ORDERS ARE FINAL, NON-CANCELLABLE, NO REFUNDS, PRICES SUBJECT TO CHANGE BASED ON DATE SHIPPED!

HydraFRESH LVC
Restorative Cleaner for Tile, Laminate and Luxury Vinyl Plank Floors

HydraFRESH LVC takes a comprehensive approach that can penetrate deep into the grooves and textured surfaces of your floor for a higher level of soil removal that eliminates dirt, scuffs, grease, and other potentially harmful contaminates.

Restoring the appearance of your luxury vinyl plank or luxury vinyl tile flooring investment to “like-new” condition is more than just cleaning
Studies show that Luxury Vinyl Plank Floors can harbor bacterial contaminants, construction and drywall dust, tracked fecal matter, oil-based soiling, and other unwanted substances. The grooves and textures in your flooring do not allow a mop or scrubber to fully remove many of these substances. Our deep cleaning process utilizing HydraMaster HydraFresh LVC Restorative Cleaner, combined with professional floor cleaning equipment will restore and revitalize the appearance of your floor, remove or extract harmful contaminants, and resist rapid re-soiling.
• Contains special soil inhibitors and is a low residue formula that does not contain any sticky or tacky cleaning agents.
• Can be used as part of a prespray and rinse system or as part of a no rinse system.
• Neutral PH makes it safe for luxury vinyl plank and tile floors, resilient tile floors and wood (polyurethane finish only) and laminate floors.
• HydraFresh LVC allows you to extend the life of the flooring investment and keep it looking great all the time.
Right to Know Info

Below is a list of components required to be disclosed under the California Cleaning Product Right-to-Know Act of 2017.
Ingredient Name | CAS# | Function | Designated List(s)
water | 7732-18-5 | diluent
Polymer | Withheld | Cleaning aid
