Karcher 8.920-597.0, 8.0gpm 3000psi 16.5hp 1460rpm 25mm, Replaced w/ GX9536R.2 9.5 3625 1740RPM

Manufacturer: Karcher Pressure Washing

The Legacy GX8030R.1 is a Pressure Washer Pump with a Right Handed Shaft. Direct replacement for pumps: Landa LX8030 R.1, Hotsy HX8030 R.1, Karcher KX8030 R.1. Legacy HD pumps all feature free Hi-Temp seals for even greater durability. 8.904-962.0
8.904-962.0 replaced with 8.920-597.0 LEGACY GX9536R.2,

Legacy is introducing the next wave in high-pressure pumps, the Legacy HD pump. This heavy-duty high-pressure pump is the outcome of 2 1/2
years of research and development, resulting in a number of upgrades over previous pump models. Premium, long-life components and new design
features make the Legacy HD pump a standout among other high-pressure pumps. Tests prove it will hold up better in rugged working conditions.

We believe the Legacy HD Pump is the strongest, most durable pump in the market. We’ve tested the pump in
extreme conditions and are confident in it’s strength and performance. We ran the pump dry in seperate tests
for 24 hours, and the pump showed no sign of wear.
We challenge you to try the new Legacy HD Pump. Run the pump dry. Run it in bypass. Take it apart and look
how well it holds up. The Legacy HD holds up in these extreme conditions. Imagine how it will perform with
everyday regular use!

Features:

- Designed and engineered exclusively for pressure washers
- Five year limited warranty
- Forged brass manifold with an exclusive lifetime warranty
- Large capacity, die-cast, anodized aluminum oil-bath crankcase
- Over-sized connecting rods and crankshaft for maximum life
- Heavy-duty tapered roller bearings
- Solid ceramic plungers with mirror finish and corrosion resistance
- Stainless steel inlet and discharge valve assemblies
- Machined stainless steel valve caps with recessed O-rings to withstand high pressures
- Dacromet® coated manifold bolts for superior corrosion resistance
- Long life seals
