Easy to transport  
The forklift brackets facilitates easy movement.

Low vibrations  
The engine mounting system ensures low vibrations for the operator.

Precise cutting  
The parallel blade guard and the ergonomically designed steel handle with molded  
grip ensures accurate and steady cuts.

Effective water management system  
The water containment system keeps slurry in the cart trench and the water spray  
splash guard facilitates a clean work area. The larger diameter nozzles in the brass  
minimizes clogging.
