Cascade 20 Recycling Carpet Extractor
Self-Contained Recycling Extractor
Whether it is being used for interim or restorative cleaning, the Cascade (400 p.s.i) 25 gallon unit tops the industry in productivity. Cascade will clean a 4,200 square foot area in restorative (deep cleaning) mode in one hour. The competition? Two and a half hours or more. Cascade has one of the fastest dry times in the industry. Carpets are healthy and dry in half the time of a conventional extractor, which means your space is ready for immediate use.

Features

- CFR technology extends water usage by over 7 times that of traditional carpet cleaners
- Chemical usage is also greatly reduced which saves money and reduces the impact on the environment through less chemical and packaging waste
- Unique atomization technology delivers less moisture for drier, healthier carpets
- 25 gallon solution / recovery tank
- 400 p.s.i
- Clean 4,200 square feet per hour
- Provides enhanced ergonomics with an optional lightweight, wand system for those hard to reach places.
- Also available with a built in ozone generator
