Manufacturer: Husqvarna Equipment

Husqvarna 593330901 EZ PREP S1 16 Grit Double Segment 50%OFF Promo Applied

EZ PREP tools are specifically developed for removal of thinner coatings and for concrete surface levelling. Thanks to their versatility they are a safe first-hand choice for most occasions. They are also good choice if you would like to generate a structured surface with good adhesiveness when casting a floor, no matter if its on top of screed or concrete.

S1 16 Grit Double segment
