All Sales Final

The E-line series is an all-round resin bond tool for handheld machines with velcro back ranging from surface leveling and grinding down to the finest steps of polishing. The E-line series is a good choice for dry-processing of natural stone such as marble, terrazzo, and limestone. This tool is also perfect for honing and polishing of staircases and benchtops. The recommended speed is 3800 rpm. The tools are color-coded with HTC standard colors.

Sold Each

All floor machines will need at least 3-9 units to work correctly

Photo is not accurate but rather a representation of how they could look.

Color and shade of item is not guaranteed.

Felt connection system on back.
