Manufacturer: Tornado

Brute Force Floor Machine
Value, high-performance and smooth operation.
Our patented, non-conductive one piece rotationally molded body is designed to absorb the torque and vibration normally felt when operating a floor machine. The one piece base and motor housing ensures that wires and capacitors are completely enclosed, enhancing the machine’s durability, longevity and safety. These units are so ruggedly built, they outweigh most metal machines in the industry today. All Brute Force Series rotary floor machines have a triple planetary gear system for years of trouble-free use and a 1.5 HP motor to handle the most demanding jobs. Available in both 17” and 20” models, Tornado’s® Brute Force Series of Floor Machines are establishing the new benchmark for performance and quality in the commercial cleaning industry.
